RE: Submission of Administrative Order Pursuant to Article 6 of the Charter  

To the Honorable Members of the City Council,  

Today I am submitting the attached administrative order organizing city government into operating agencies under Article 6 of the charter of the city of Northampton, Chapter 277 of the Acts of 2012, and pursuant to the transitional provisions set out in Section 2 of said Chapter 277.

Northampton city departments and multiple-member bodies are currently established by ordinance, charter, special acts, state law, or in some cases a combination thereof. Article 6 of the city charter requires that “the organization of the city into operating agencies to provide services and administer the government may be accomplished only through an administrative order submitted to the city council by the mayor.” Section 2 of Chapter 277 provides that “no later than September 30, 2014, the mayor shall promulgate a series of administrative orders providing for the organization of city government into operating agencies under article 6 of the charter.” This first-ever, omnibus administrative order is submitted in conformity with those requirements.

The administrative order is arranged in code format for organization and accessibility. The order is entitled “Administrative Code of the City of Northampton,” and it is divided into two major parts. Part I establishes twenty-two city departments organized into six divisions and describes the authorities and responsibilities of each agency. Part II establishes twenty-six appointed multiple-member bodies and describes the authorities and responsibilities of each board, committee, or commission.

Six city departments have been renamed to better reflect their mission or modern terminology. For example, Management Information Systems (MIS) has been renamed the Information Technology (IT) Department. Four multiple-member bodies have also been renamed to better reflect their mission, modern terminology, and, in some cases, to
conform to state law. For example, the Tree Committee has been renamed the Public Shade Tree Commission to better reflect both state terminology and its independent role advising our tree warden (a DPW position also created by this code) and the mayor on the preservation and expansion of our city’s shade tree canopy.

Three city agencies in Part I have undergone more substantive changes to either their establishment process or their authorities and responsibilities. The City Solicitor has been a direct appointment of the Mayor since 1927. Previous to that the position was elected directly and along political party lines by the City Council. Under my administrative order, the City Solicitor will now be appointed by the Mayor subject to confirmation by the City Council. This aligns the City Solicitor appointment process with that of every other city department head under our charter and better reflects the division of shared powers of the executive and legislative branches of our government.

The authority and responsibility of the renamed Parks and Recreation Department has, as its new name implies, been expanded to include oversight of the use and programming of city parks. The Board of Public Works previously held this authority in its role as park commissioners under a series of special acts repealed by this administrative order. This change better reflects the needed division of departmental responsibilities for maintenance versus programming of our city’s expanding inventory of parks and recreation facilities.

The Department of Public Works (DPW) maintains its current name and mission, but absorbs many of the responsibilities and authoritites that had been delegated to the Board of Public Works (BPW) under a series of special acts repealed by this administrative order. This division of power between a DPW and a BPW created in 1921 no longer conforms to modern local governmental structure, is often confusing to residents, and seemingly creates an un-elected third branch of government for public works making fiduciary and policy decisions that are more appropriately delegated to either professional staff or the city’s elected representatives.

The dedicated and hard-working citizen volunteers who currently comprise the Board of Public Works will continue to play an important role in guiding our city’s planning and investment in public works as the renamed Public Works Commission. This new commission will be advisory to the DPW as the department moves forward directly managing our city’s public works and making recommendations to the Mayor and City Council on both policy and budgetary matters. For example, and of particular significance, the Public Works Commission will offer advice on future water and sewer rates that the DPW must recommend to the Mayor who, in turn, must submit the proposed rates to the City Council for final approval under Article 7 of the city charter.

Pursuant to Article 6 of the charter, this administrative order is accompanied by a set of recommended ordinance amendments or deletions that must be simultaneously adopted by the City Council in order to fully effectuate the new administrative code. In most cases this involves deleting ordinances that currently govern the establishment and responsibilities of departments or multiple-member bodies. In other instances, the
amendments are designed to implement agency name changes or shifts in responsibility. Finally, some of the ordinance changes eliminate multiple-member bodies that have been long defunct or are better suited as ad-hoc advisory committees.

This administrative order represents the final major remaining unfinished transition item of the special act city charter adopted by both the legislature and the voters of Northampton in 2012. It serves to complete our city’s move forward to a new, more modern structure of local government featuring a clear and well-defined separation of powers between our executive and legislative branch of government.

I want to personally and publicly thank my Chief of Staff, Lyn Simmons, who is the principal architect and author of this impressive and complex document. Its creation involved countless hours of painstaking research of city ordinances, special acts, historic documents and wills, and state law as well as comparative research of other Massachusetts cities. Dozens of drafts, editing sessions, and legal reviews by City Solicitor Alan Seewald later left the similarly painstaking task of cross-checking the completed administrative code against our code of ordinances to create the necessary ordinance changes and deletions. Our city owes Lyn Simmons a debt of gratitude for helping this mayor provide a strong foundation for the administrative organization of our city for future generations of chief executive officers to rely and build upon.

I respectfully request that the City Council approve this administrative order pursuant to Article 6 of the city charter. I stand ready to answer any questions you have about the document or provide any additional information needed for your required public hearing and deliberations.

Respectfully,

David J. Narkewicz

In City Council, October 2, 2014

Upon the recommendation of Councilors William Dwight, Jesse Adams and Marianne LaBarge

RESOLUTION

Whereas: The most elemental tenet of a successful and just community is the necessity for people to live homogeneously and to respect differences.

And whereas: The ability of a community to thrive and flourish is threatened when violence or the threat of violence is inflicted on any citizen or citizens because of their identity and/or how they are identified by others.

And whereas: Recent acts of vandalism in Northampton have been committed upon emblems of distinct political cultures i.e.: The theft of the rainbow flag from Jackson Street School and the attempted burning of the Israeli flag at Congregation B’nai Israel.

And whereas: Both of these institutions strive to promote open, respectful discussion of complicated and challenging issues.

And whereas: These acts of vandalism are expressions of contempt and are implicit and actual violence.

And whereas: These acts are an anathema to the citizens of Northampton and are counter to the goodness to which they aspire.

Now therefore be it resolved: That the City Council of Northampton vehemently condemns these recent acts and all other malicious actions that are designed to promote fear and discourage civil discourse.

And be it further resolved that: The City Council of Northampton calls upon all citizens to express their courage and hope by engaging in respectful debate and discussion with one another and by supporting the people who have been threatened.

4. Public Comment: None

5. Approval of Minutes of May 6, 2014: Councilor Spector moved to accept the meeting minutes of May 6, 2014, Councilor O’Donnell seconded. The motion passed on a voice vote of 4 yes, 0 no.

6. Ordinance: Amend §350 Section 2.1 Affordable Units-
   - Councilor Sciarra moved to recognize Director Wayne Feiden; Councilor O’Donnell seconded the motion. The motion passed on a voice vote of 4 yes, 0 no.
   - Director Feiden noted that the definition of affordable housing comes up when builders are interested in having certain zoning or planning requirements waived. The builders must then comply with the affordable housing definition. When definition was first drafted, the properties were required to be affordable for 99 years—this works for rental properties. Home ownership is different. Home owners want their properties to appreciate; language change would make it affordable for 30 years.
   - Most tax credit projects are for 30 years. One motive to create affordable housing is that there is a state goal of 10% affordable housing. If this goal is met, it makes it easier to waive certain planning and zoning regulations when a developer brings a project forward. The City is currently at about 11.4% affordable housing.
   - Hathaway Farms mortgage ended about 10 years ago. The City continues to subsidize rents from money that was put into funds for this purpose allowing HF to continue to provide affordable housing.
• Housing Partnership will take up this matter at their next meeting. They may have ideas about this ordinance. The committee discussed how best to proceed with this ordinance.

• Councilor O'Donnell moved to continue this item to the next ECDLU meeting; motion failed for a lack of a second.

• Councilor Spector made a motion to return to city council w/out recommendation; Councilor Adams seconded the motion. The motion passed on a voice vote of 4 yes, 0 no.

7. NEW BUSINESS—Ad Hoc Roundhouse Committee was discussed:

• The issue of the Round House property will be re-visited likely in the fall. Councilor Spector suggested that the site may be a good location for a movie theater. The cost for a study to put a movie theater in Northampton would be about $50,000. He believes that there may be interested parties who would be willing to fund the study.

8. ADJOURN—At 5:40pm, Councilor Sciarrra made a motion to adjourn; Councilor O'Donnell seconded the motion. The motion passed on a voice vote of 4 yes, 0 no.

What skills and experience will you bring to this committee assignment?: I have a B.A. in Urban Studies from Harvard College, where I focused on urban planning and policy, specifically taking coursework in housing at the Graduate School of Design and on city planning at the Kennedy School of Government. I chose to focus on this subject after interning for The Community Builders in Springfield in 2008. I have previously worked at a prominent landscape architecture firm in NYC as a project assistant, and for a luxury hotel developer. I am now a Development Specialist at Home City Housing in Springfield. I understand tax credits, and government funding
sources, as well as a business sense from my market-rate development work. I grew up in Northampton and attended Hamp High. My parents have always been active members of the community and I've always had social justice issues and civic participation near and dear to my heart. It would be a pleasure and an honor to be able to contribute to my home community now that I have returned with the expertise to offer some valuable insights. Thank you for your consideration.

David J. Narkewicz, Mayor
210 Main Street
Northampton, MA 01060

Dear David:

I have been meaning to volunteer for a committee or two since my wife and I moved here with our three kids from Brooklyn in the summer of 2010. I have quietly sat in on some meetings, but have been waiting till I felt like a legitimate Northamptonite to go ahead and stick my neck out.

Since I have had my own business making furniture for years, and it has been a while since I have updated my resumé, I am going to describe my qualifications for these committees here.

I have a bachelors degree in “Design” from Brown and a masters degree in architecture from Harvard’s GSD. I was a Fulbright Scholar in 1993, studying urban architecture in Nepal and India. And though after all this I only worked as an architect for a few of years before veering off into furniture making, I have always maintained a keen interest in urban planning, zoning, and urban infrastructure design. I served on the Landmarks Review Committee for CB2 in Brooklyn for a couple of years. I have renovated several of my own homes, and navigated through building and zoning codes, both professionally and personally. As a business owner, I also appreciate the interests of businesses here in Northampton. My desire to be on this committee stems from a great love of cities in general, a growing fondness for the particulars of this small gem of a city, and the feeling that lots could be done to make it a stronger and more beautiful one.

My interest in the Arts Council stems from a similar feeling that though the arts are strong here, they could be greatly enhanced, especially as they might appeal to a younger generation of residents. I lived through the transformation of Brooklyn from a backwater in New York’s cultural scene to what many consider its epicenter, oriented around a new generation of urban dwellers. As the president of a non-profit trade association of furniture makers there, I was part of many efforts and events to create a brand around the idea of “made in Brooklyn.” I have been involved in organizing and promoting many gallery shows. In college I was heavily involved in all aspects of theatre production. I consider myself to have a keen sense about marketing and promotion, and identifying fruitful opportunities for collaboration between institutions and businesses. I have seen the power of the economic engine that a strong community of visual and performing artists can ignite. This town would benefit greatly from being “edgier,” and maximizing the exposure of its artistic assets.
If need be, I would be happy to go into more detail about my various ideas for these committees in person or in a subsequent letter. If I could only do one of these committees, and if my preference even matters, I would prefer the Arts Council, but I would love to do both.

Thanks for your consideration.

Yours truly,

ARTS COUNCIL APPLICATION
January 2006

1. I have wanted to be an Arts Council board member for many, many years and it is finally now that that essential element of time is available.

I’ve watched the council closely and love the creativity, energy, and signature quirkiness that has become their calling card. I’m a regular attendee and supporter of The Transperformance and the Four Sundays in February and invariably I sit with the rest of the appreciative audience amazed at the creativity of these venues.

On a more personal level, it’s been four years since I advised the Northampton High School Drama Club (1998-2001), and I miss the community involvement that came with that job and the collaborative efforts of the projects. I feel the time is right to become directly involved with an organization that already has my commitment and support.

2. Over 20 years has passed since I began my career as a photographer. Besides the children and family portrait work that I specialize in, my in-kind work usually involves photographing theater groups.

I sing with the Green Street Brew, a Northampton adult acapella group which meets weekly and performs several times a year.

I recently received my MFA (Spring 2005) from Hartford Art School in Photography, which has helped me look beyond my journalistic portrait style into Art Photography, publishing, and gallery representation.

I’m qualified at many levels. I have the first-person view as working photographer and performer, I’m an involved community member of over thirty years, and I’m a capable organizer.

Just prior to entering grad school, I planned a successful fund-raiser which benefited the Northampton Educational Foundation and the Northampton Center for the Arts, bringing together four popular Northampton groups to an overflow audience at The Center for the Arts.

The event I’m proud of instituting during my tenure as Drama Club advisor is the One Acts Festival. The Festival was a day long event at the High School which brought together theater-minded H.S. students from Northampton, Easthampton, Westhampton, Amherst, Springfield and Southwick. We gathered in the morning, warmed up with physical exercises and improv games, and then each school presented a short one-act play. I continued to make the arrangements for this yearly event after I left Drama Club.

Thank you for the opportunity to apply to the Northampton Arts Council.

Memorandum

To: Susan Wright  
From: Deputy Chief Norris  
Date: 09/11/2014  
Re: Service and Maintenance Contract for power loads and stretchers

I am requesting through the City, to enter into a seven year contract for service and maintenance on the Fire Department power loading systems and stretchers. Based on MGL Chapter 30, I have secured three quotes for this service based on the value of this being under $35,000. Quotes were received from the following:

Stryker- $30,872

EMSAR- No bid (spoke with Karl Caron the General Manager and emailed)

Medpro- No bid (spoke with Ed Baiter and emailed)

I am requesting this seven year contract as an opportunity for our organization to lock in pricing over this duration providing financial stability and more importantly, ensuring we take care of and maintain this vital equipment in proper working condition for functionality and prolonging the life expectancy of the City’s investment in public safety. I would strongly encourage the City to act upon this service contract as the overall benefits are much greater than the cost. Please let me know if you have any questions. Thank you.
