The DPW has recommended the following conditions for Pole #25 as shown on plan attached to Petition #24881246-1 and Pole #31 as shown on plan attached to Petition #24881246-2 due to potential conflicts with the sewer and a water service, respectively:

- Caution should be exercised while excavating at these locations. The hole for the new pole location shall be inspected by the DPW prior to actual pole installation. 24-hour notice to the DPW is required by calling (413) 587-1570.
- If the sewer and/or water service is disturbed, it must be repaired/relocated by the Contractor at the direction of the City Engineer.

National Grid must obtain an "Excavation/Trench Permit" issued by the City of Northampton prior to construction.

There are no conflicts with public utilities at the proposed locations for #21, #28, #28-50 and #33.
