Cc: Alan Seewald <aseewald@northamptonma.gov>

Good Morning Laura and Councilor O'Donnell,

Attached please find a petition for street acceptance for both Finn and North Streets. In preparation for the corridor improvement work on King Street the Department of Public Works discovered that portions of these roadways were never formally accepted.

North Street (from King Street to Market Street) and Finn Street (from Prospect Street to King Street) must be formally laid out and owned by the City in order to be eligible to receive state and federal funding for the King Street Corridor Improvement project that is on the TIP. Accepting these streets will also allow ROW action to be undertaken by the City that is a requirement of this project.

We respectfully ask that these petitions be placed on the September 19, 2019 City Council agenda for referral to the Planning Board.

Please let me know if you have any questions or concerns.

Thank you,
Lyn
