**Factors Considered:**

The Committee reviewed the ordinance and held a public hearing. Any references to Section 290 of the Code Book were changed as this section is currently being deleted from the Code Book.

**Comments, Discussion & Debate:**

Ms. Misch explained that this ordinance was introduced and commented upon last fall (2015). A public hearing took place during the Committee on Rules, Orders, Appointments and Ordinances. Once the Public Hearing took place, the city council had 90 days in which to act upon the ordinance. Once the 90 days passed, the city council is required to hold another public hearing. The public hearing that is being held today satisfies the requirement for a second public hearing.

Because Section 290 is being removed from the code book, any references to that section should be replaced by "Rules and Regulations regarding subdivision of land" and cite the specific paragraph, if appropriate.

There were no opponents to the ordinance.
