Re: Gift Request

---

I am requesting permission to accept a gift of ammunition from Walmart. They have a variety of ammunition that they no longer want and have offered to donate it to us. It includes 80 cases of 12 gauge, 35 cases of 20 gauge, 1 case of .44 magnum, 7 cases of .410 gauge, 1 case of .38 special, 1 case of .45 auto, 2 cases of .40, 7 cases of .22 long rifle, and an assortment of individual boxes of other ammunition. The total value is estimated to be around \$13,000. The majority of this ammunition would be used as training rounds. The donation would reduce our overall ammunition expenses, which are always costly.

Respectfully,

Chief J. Kasper #160
