

# CITY OF NORTHAMPTON

MASSACHUSETTS

*In City Council,*

April 16, 2020

Upon the recommendation of the Mayor

## **20.046 An Order to Approve Gift Fund Expenditures for Resilience Hub**

*hereas*, one of the key service gap recommendations of the 2019 Mayor's Work Group on Panhandling Study Report (*A Downtown Northampton for Everyone: Residents, Visitors, Merchants, and People At-Risk*) was the creation of a community day center to serve Northampton's at-risk population; and

*Whereas*, in line with that recommendation and concurrent with Northampton's climate resiliency efforts, the city is exploring creation of a resilience hub and day program to support vulnerable residents facing chronic and acute stress due to climate change and other disasters, and social and economic challenges; and

*Whereas*, during normal times a resilience hub would serve those at the frontline of chronic stress (i.e. frontline communities, including homeless, Single Room Occupancy (SRO) residents, those living in extreme poverty, and climate vulnerable populations) and possibly other community needs; and

*Whereas*, the resilience hub will be designed, however, so that during times of acute stress or major disruption (e.g. a major storm event, disaster, or pandemic) and during the recovery phase, it can serve all residents; and

*Whereas*, preliminary community discussions of this resilience hub concept as part of the city's Community Development Block Grant (CDBG) Action Plan development have created significant interest and already inspired two substantial donations to support the effort.

***Ordered that***, Northampton City Council in accordance with Massachusetts General Law Chapter 44, Section 53 A (Grants and gifts; acceptance and expenditure) authorizes the expenditure of funds donated by the public to be used for the ongoing planning and potential implementation of a resilience hub and day program to support Northampton residents who face chronic and acute stress due to climate change and other disasters, and social and economic challenges.
