Recognitions and One-Minute Announcements by Councilors

Councilor Nash made the following announcement on behalf of the Northampton Police Department: On Saturday, April 20, 2019, Extravaganja will be held at the Three County Fairgrounds. Throughout the day there will be heavy traffic on Route 9, throughout the fairgrounds area and in the downtown area in general. The event is scheduled from 11 a.m. to 5 p.m.

As chair of the Transportation and Parking Commission, he added that NETA is also expecting a great deal of customers. If residents have somewhere to be Saturday night, they may want to plan ahead, he suggested.

Councilor Bidwell informed residents that Hampshire Hope is partnering with the Hampshire YMCA to host two community discussions about opioid abuse together with Narcan (Naloxone) trainings on May 3rd from 12 to 1 p.m. and May 14th from 7 to 8 p.m. at the Hampshire YMCA.

Resolutions

19.047 Resolution Extending the Timeline Associated with the Select Committee on Pesticide Reduction

Councilor O’Donnell read the text of the resolution.
Councillor Dwight moved to approve the resolution in first reading. Councillor LaBarge seconded.

The sponsors (Councillors Klein and Nash) explained that, although a number of people have applied, they’ve received feedback that the timeframe was too short for some prospective applicants. Because some groups involved in the management of public green spaces have formal procedures by which they are required to put forward applicants, some needed more time to meet to collectively designate a representative. Although the deadline has now passed, they would like to extend the application period to insure everyone interested has enough time to apply.

Councillor Dwight noted that he recently got a primer on special municipal employee (SME) status for the Charter Review Committee. What SME status allows is a more liberal application of the state ethics law, he explained. Ethics restrictions/considerations lead to the inability of some of the most qualified people to serve in appointed positions since appointment to a volunteer board makes someone a ‘municipal employee’ for purposes of the Conflict of Interest law. He asked if it is the intent of sponsors and the Council President to consider special municipal employee status for Pesticide Committee members.

The extension would allow for that consideration, Councillor O’Donnell noted.

Councillor Dwight said he brings it up because there may be people who are self-disqualifying because of that issue.

Councillor Bidwell said he appreciates the wiggle room because he has some folks who have been considering application. He asked why sponsors left the application period open-ended instead of setting a date certain.

The resolution is intended to work with the original resolution which set the deadline as April 18th, Councilor Nash advised. The intent is to allow the Council President to move beyond the deadline set in the original resolution. Councilor O’Donnell has discretion to make the decision as to when to end the application period, Councilor Klein added. At some point there will be a deadline, she confirmed.

Councillor Klein said she would like to make an amendment to extend the time for the Select Committee to convene from ‘within two weeks’ of its appointment to ‘within three weeks.’ She so moved. Councillor Bidwell seconded. The motion passed unanimously 8:0 by voice vote with one absent (Councillor Sciarra).

Councillor Nash thanked the council president for working with them on this proposal, he’s been doing all the work on the applications, Nash acknowledged.

Councillor O’Donnell called the motion to approve the resolution in first reading to a vote, and it passed unanimously 8:0 by roll call vote with one absent (Councillor Sciarra).

Councillor Dwight moved to suspend rules to allow a second reading. Councillor Klein seconded. The motion passed 8:0 by voice vote with one absent (Councillor Sciarra).

Ordinances

19.011 An Ordinance Relative to Bicycle Share Services - 1st reading
Councilor Dwight moved to put the order on the floor for discussion and waive its reading. Councilor Murphy seconded.

This is an effort to update the ordinance to reflect some of the new modes of transportation on city streets and bike paths, including adding a reference to Electric Assist Scooters, Mayor Narkewicz explained. The Office of Planning and Sustainability wanted to update and clarify definitions to get ahead of new technology and make sure it had a process for being able to control and manage new transportation services, including bicycle share programs.

In Legislative Matters, Senior Planner Carolyn Misch explained that, because technology is moving fairly quickly, other services may be interested in establishing themselves, Councilor Dwight related. Members questioned whether it was spot zoning. It is not, it is intended to create rules where there are none. He described it as ‘a pre-emptive move to anticipate potential contractual problems, abandonment problems and congestion problems.’

The stated requirements also level the playing field by making sure a vendor would be required to provide services to all of the city rather than just a certain area, Councilor Murphy added.

Councilor Nash thanked the Bicycle/Pedestrian Subcommittee, acknowledging that most of the additions came from them. Bike/Ped members added the definition of electric scooter and updated wording to describe the service area, he pointed out.

He’s seen in Austin and Somerville what happens when you don’t get out in front of these, Councilor Bidwell observed. He offered the following comments:

- The definitions section doesn’t always seem to track what follows. He gave the example of the term ‘private program’ being used in Section C. Service Area instead of ‘Shared Mobility Device (SMD) program.’
- Scooters is not added to bicycles in Section 312-49 C. He questioned whether this was intentional.

Councilor Dwight suggested an amendment to add ‘scooters’ to Item C in Section 312-49. He so moved. Councilor Bidwell seconded. The motion passed 7:0 by voice vote with Councilors Carney and Sciarra absent.

Councilor O’Donnell asked who would enforce a bicycle being held by the city for 30 days as proposed by Section 312-49 G.

This is a process already followed if, say, a bicycle is left in Pulaski Park, Mayor Narkewicz explained.

With regard to Section C. Service Area, Councilor O’Donnell questioned whether the term ‘core neighborhoods’ is defined somewhere. Councilor Dwight expressed the opinion that the word used there should be ‘included’ instead of ‘including.’

Mayor Narkewicz offered to ask planning staff to bring back clearer language for the second reading. 
Councilor Bidwell asked about the reference to “Share operators” in 312-127 D(2). In response, Mayor Narkewicz suggested striking the word “Share.”

Councilor Bidwell so moved. Councilor Dwight seconded. The motion passed unanimously 8:0 by voice vote.

Councilor Bidwell also asked what the term “E-SMDs” referred to.

Councilor O’Donnell called the motion to approve the ordinance in first reading as amended to a vote, and it passed 8:0 by roll call vote with one absent (Councilor Sciarras).
