- WARD 6, Precinct B - In Robert K. Finn Ryan Road School
- WARD 7, Precinct A - In John F. Kennedy Middle School, Community Room
- WARD 7, Precinct B - In Leeds School Gymnasium

The polls will be opened at seven o'clock in the forenoon and closed at eight o'clock in the evening of the said day, and all such voters will in the several wards and precincts in which they are individually entitled to vote between said hours give in their votes for the Electors of President and Vice President, for Senator in Congress, for Representative in Congress for the Second Congressional District, for Councillor from

the Eighth District, for Senator in General Court for the Hampshire & Franklin District, for Representative in General Court for the First Hampshire District, for Clerk of Courts for Hampshire County and for Register of Deeds for the Hampshire District.

They will also give in their votes, "Yes" or "No" on the following questions:

Question No. 1 - Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the two houses on June 9, 1998 (yeas 186 - nays 3); and again on June 28, 2000 (yeas 188 - nays 0)?

SUMMARY

This proposed constitutional amendment would require that new district boundaries for state representatives, state senators, and governor's councillors, which are redrawn every ten years based on the most recent federal census, take effect for the state election held two years after the federal census, rather than the election four years after the census as under the current system.

Question No. 2 - Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the two houses on July 29, 1998 (yeas 155 - nays 34); and again on June 28, 2000 (yeas 144 - nays 45)?

SUMMARY

This proposed constitutional amendment would prohibit persons who are incarcerated in a correctional facility due to a felony conviction from voting in elections for governor, lieutenant governor, state senator, or state representative. The amendment would also result in such persons being ineligible to vote for governor's councillor, secretary of state, state treasurer, state auditor, state attorney general, or United States senator or representative in Congress.

Question No. 3 - Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2000?

SUMMARY

This proposed law would prohibit in Massachusetts any dog racing or racing meeting where any form of betting or wagering on the speed or ability of dogs occurs.

The State Racing Commission would be prohibited from accepting or approving any application or request for racing dates for dog racing.

Any person violating the proposed law could be required to pay a civil penalty of not less than \$20,000 to the State Racing Commission. The penalty would be used for the Commission's administrative purposes, subject to appropriation by the state Legislature.

All existing provisions of the part of the state's General Laws concerning dog and horse racing meetings would be interpreted as not applying to anything dog-related.

The proposed law would take effect on June 1, 2001. The proposed law states that if any of its parts were declared invalid, the rest of the law would stay in effect.

Question No. 4 - Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representative before May 3, 2000?

SUMMARY

This proposed law would repeal the law setting the state personal income tax rate on Part B taxable income (such as wages and salaries), which was 5.95% as of September 1, 1999 and would set the rate at 5.6% for tax year 2001, 5.3% for tax year 2002 and 5% for tax year 2003 and after. If the Legislature set a lower rate for any of those years, that lower rate would apply.

The proposed law states that if any of its parts were declared invalid, the other parts would remain in effect.

Question No. 5 - Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2000?

SUMMARY

This proposed law would set up a state Health Care Council to review and recommend legislation for a health care system that ensures comprehensive, high quality health care coverage for all Massachusetts residents. Until the Council decided that such a system had been set up, the proposed law would prohibit the conversion of non-profit hospitals, health maintenance organizations (HMOs), and health insurance firms to for-profit status. The proposed law would also require health insurance carriers to provide certain rights to patients and health care professionals, starting January 1, 2001.

The Council would recommend laws to set up, and would decide whether laws had been passed to ensure, a health care system that provides:

- Barrier-free access to health care services;
- Patients' freedom to choose their health care providers, get second opinions, and appeal denials of care;
- Health care professionals' freedom to act solely in the best interest of their patients;
- Affordable coverage, with cost increases no greater than national averages;
- Preserving and increasing the quality of care and encouraging research;
- At least 90% of all premiums to be used for patient care, public health, and training/research, and no more than 10% for administrative costs, with simpler paperwork and administration;
- A prohibition of financial incentives that limit patient access to health care, and limits on incentives for inappropriate care.

The Council would include 17 members representing health care and other organizations. It would hold public hearings, study proposals, and make recommendations to the state Commissioner of Public Health and the Legislature on laws and other steps needed to set up a system meeting the above requirements. The proposed law would also create a special legislative committee, including legislators and members of the Council, to make recommendations by September 30, 2001, for laws to set up a system meeting the above requirements by July 1, 2002.

Starting January 1, 2001, the proposed law would require health insurance carriers to guarantee certain rights to their insured patients and to health care professionals. These rights would include:

- Patients' right to choose all of their health care providers, subject to the approval of a freely chosen primary care provider who has no financial incentive to deny care, and subject to payment of a reasonable extra fee to see a provider outside the carrier's network;
- Health care professionals' right to make medical decisions in consultation with their patients;
- Patients' right to transitional insurance coverage when they are undergoing a course of treatment from a health care provider whose contract with a carrier is being terminated;
- Patients' right to medically necessary referrals to specialists;
- Limits on and disclosure of contracts between carriers and health care providers that create financial incentives to delay or limit care or provide inappropriate care;
- Health care professionals' right to discuss health benefit plans with insured patients and to advocate on behalf of their patients;
- Carriers could not terminate health care providers' contracts without cause;
- Patients' right to receive emergency services, subject to authorization procedures, and to be reimbursed when they pay cash for emergency services from providers not affiliated with their carrier.
- Utilization review procedures that meet specific standards, including patients' right to appeal to the Commissioner of Public Health;
- In any year at least 90% of a carrier's Massachusetts revenue must be spent on Massachusetts health care, and a carrier that spent more than 10% for non-health care purposes would have to refund the excess to its insured patients. Each carrier would have to report its revenues, premiums, and expenditures to the state Commissioner of Insurance every year.

The proposed law states that it would not interfere with any existing contract, including contract terms (such as automatic renewal or option clauses) that may go into effect after January 1, 2001. The proposed law states that if any of its parts were declared invalid, the rest of the law would stay in effect.

QUESTION 6 - Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2000?

SUMMARY

This proposed law would allow a state personal income tax-payer a tax credit equal to the amount of tolls the taxpayer paid during the taxable year on all Massachusetts roads, highways, tunnels, and bridges, including the Massachusetts Turnpike and its Boston Extension, the Tobin Bridge, and the Sumner, Callahan and Ted Williams Tunnels. Also, a corporation would be allowed a credit against its corporate excise taxes in an amount equal to all such tolls paid during the taxable year by the corporation or by its employees in furtherance of the corporation's

business.

The proposed law would also allow a state personal income taxpayer a tax credit equal to the amount of excise taxes on registered motor vehicles the taxpayer paid during the taxable year. A corporation would be allowed a credit against its corporate excise taxes in an amount equal to all registered motor vehicle excise taxes the corporation paid during the taxable year.

The tax credits could not be used to reduce a personal income taxpayer's taxes below zero or a corporate excise taxpayer's taxes below the minimum levels set by state law. Any amount of tax credit not usable in a taxable year because of these limits could be carried over and used in later taxable years, for up to ten years.

The proposed law would apply to taxable years beginning on or after January 1, 2001. The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

QUESTION 7 - Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representative before May 3, 2000?

SUMMARY

This proposed law would allow taxpayers who give to charity a state personal income tax deduction for those charitable contributions. A taxpayer could take a deduction from any Part B income, including wages and salaries, of an amount equal to his or her charitable contributions for the year. The taxpayer could take the deduction whether or not the taxpayer itemized deductions on his or her federal income tax return. The proposed law would apply to any contribution that met the definition of charitable contribution used under federal income tax law. The proposed law would apply to taxable years beginning on or after January 1, 2001.

QUESTION 8 - Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2000?

SUMMARY

This proposed law would create a state Drug Treatment Trust Fund, to be used, subject to appropriation by the state Legislature, solely for the treatment of drug-dependent persons. The Fund would include fines paid under the state's criminal drug laws; money forfeited because of its use in connection with drug crimes; and the proceeds from selling property forfeited because of its use in connection with drug crimes.

The Fund would be administered by the state's Director of Drug Rehabilitation. Money in the Fund would be spent to increase, rather than replace, existing government funding for drug treatment programs. Those programs would be expanded to apply to persons who are at risk of becoming drug-dependent and to include drug abuse prevention through education.

The proposed law would expand eligibility for the program under which a person charged with a drug crime may request a court finding that he is drug-dependent and would benefit from court-monitored treatment. If the court so finds, and the person then successfully completes a treatment program, the criminal charges are dismissed. The proposed law would allow requests to enter this program by persons who are at risk of becoming drug dependent and by persons charged with a first or second offense of manufacturing, distributing, or dispensing a controlled

substance, or possessing a controlled substance with the intent to do any of those things, or trafficking 14 to 28 grams of cocaine.

The proposed law would change the state law governing forfeiture of money and property used in connection with drug crimes. Land and buildings could not be forfeited if used in a manner that was merely incidental to a drug crime. The state would have to prove by clear and convincing evidence that money or property was subject to forfeiture, and the property owner could then try to prove by a preponderance of the evidence that the money or property was legally exempt from forfeiture. All forfeited money, instead of being divided between the prosecuting agency and responsible police department and used for law enforcement purposes, would be put in the Fund. All forfeited property, instead of being so divided and used, would be sold and the proceeds put in the Fund.

Records of all state and local forfeiture activities would have to be kept and made public unless harm to law enforcement efforts would result. The state Inspector General could audit and investigate these activities. Any Official who concealed or diverted any forfeited money or property could be punished by a fine of up to \$1000, imprisonment for up to one year, or both. The proposed law states that if any of its parts were declared invalid the rest of the law would remain in effect.

QUESTION 9 - This Question Is Not Binding--Shall the state senator from this district be instructed to vote for legislation to create a single-payer plan for universal health care in Massachusetts that provides all residents with comprehensive health care coverage--including the freedom to choose doctors and other health care professionals, facilities, and services--and eliminates the role of private insurance companies in health care by creating a publicly administered trust fund (similar to Social Security) that would receive funds presently going to those companies?
