Household Hazardous Waste Disposal

Northampton's Annual Collection is September 27, 2025

Options for safe disposal:

1. Required preregistration for Northampton's Hazardous Waste Collection will open September 2, 2025 . To register please go to www.northamptonma.gov/1826. Registration deadline is September 21, 2025.

2. Northampton transfer station permit holders may dispose of batteries, fluorescent bulbs, mercury thermometers/ thermostats, and 100% pure antifreeze, gasoline or automotive oil *year-round* at one of the two City transfer stations. Disposal fee may apply. Call 413-587-1570 for more information.

3. We have an arrangement with several neighboring communities whereby Northampton residents may attend their HHW collection and pay only the cost of the material disposed. A calendar of these regional HHW events is available on our website's Household Hazardous Waste page (www.northamptonma.gov/1826/Hazardous-waste). If you are interested in participating, please call 413-587-1570, extension 4306, 2-3weeks in advance of your preferred collection date to make arrangements.

4. New England Disposal Technologies (NEDT) accepts household hazardous waste year-round for a fee at their Westfield location. Visit their website for details: https://www.nedt.org
